

Email to All team captains, sent March 22.

Below is a document that I have put together, with much help from Misha, regarding how you might proceed in setting up your teams. Please use it as a guide only.

I believe there needs to be some time frames for things to happen if we are to get this whole process off the ground in a timely manner.

I am suggesting the following;

Team members signed up and committed - April 15

Address team members questions and comments - May 01

Final proposal (formats, rules, scoring etc.) for team captains to approve - May 15

Please let me know if you have any questions or comments. Also, let me know how you are progressing.

I have begun a web page for the Southern Arizona Friendship Cup on our website. Please feel free to look at it. I will be updating it and gearing it towards all teams involved as soon as I can. Comments and suggestions welcome.
